***From the Rooster New Moon***

***Clear the Decks !***

Welcome to Creating Harmony's Harmonising Times. Our intention is to provide our readers, friends and connections with an overview of what is emerging in our much larger, ever evolving community. Just after midnight GMT on the 28<sup>th</sup> the new moon rises and so the Chinese New Year appears – the year of the **Fire Rooster**. It also has Yin energy, so you will need to trust and follow your instincts and intuition. If something feels off, or feels as though it is not right, then this year you will be **required** to pay attention.

Yin energy is often associated with water and metal, though when put together with fire it has the potential to be extremely destructive, in all aspects of life. When this energy is **used effectively**, there is no problem that cannot be solved, no intuitive message that is too complex to understand and no dream too big to achieve.

This year of the Fire Rooster will be even longer than usual as it has 13 lunar months (384 days) in which to crow your dreams into creation.

## **The Fire Rooster**

**The year of the Fire Rooster** brings a period when its fiery temperament is expected to infuse more enthusiasm and energy into our activities, increasing hopes for better prospects for everyone. It will also be a year about family and the domestic life, as well as fertility - plenty of new children on the way! Another sign of the new beginnings.

In the Chinese tradition the Rooster is the most **misunderstood** and eccentric of all the signs - the Don Quixote of the Chinese cycle!

As Fire destroys metal this will be a year of **immense changes** - meaning a doubling of challenges this year. Yet, the Fire Rooster shines like a bright star in the dark sky, bringing hope and transformation to those who know how to act harmoniously around and through prevailing circumstances.

It will be a year that the most vital promise made will result in a flawless job no matter what it takes to achieve it. It will be a year when it is truly better **to do less**, though to do it with an eye to the detail

The **year of the Rooster** teaches the lessons of order, scrutiny and strategic planning. A year when diplomacy rules over force. Though we can expect to hear more cutting criticisms of those in the public life, and feathers will fly as prides are dented - all will benefit from the rude awakening. Despite all the fussing and flapping we can expect **prudence** to be the key in economic matters, for the Rooster is a good money manager.

Every new moon provides opportunity for a new beginning. This one is in the sign of Aquarius. The sign of mankind, the **visionary**, the leader who stands on the mountain and observes all and sees new paths and better ways to serve everyone. **Aquarius does not seek power and money.** Rather to communicate his vision to the world and to make it better.

## Unsure how to Create your Vision?

Use the momentum of this new moon energy to vision what you desire. Be open to new solutions and actions that will support what you seek and help it grow.

If you would like help in creating your vision, then why not request a **[complimentary Create your Path strategy session](#)**? During this we will work together to:

=> Create a crystal **clear vision** for your personal and business life and the “perfect lifestyle” you desire to live.

=> Uncover hidden **challenges** that may be sabotaging your personal growth and perhaps keeping you working too many hours with no freedom or flexibility.

=> Leave this session **renewed, re-energised, and inspired.**

So this is a moment to reach inward and meet your inner rebel, your daring adventurer, **your ideas for a better world.** A moment to tap into the energy it provides and focus on taking action to walk a new path, or the courage to do what you have been dreaming of doing yet been afraid to initiate.

However, to truly serve the needs of others is going to require us to be three, four or five **steps ahead.** This will require investment in ourselves and to accept the full use of our own power.

On the same day as the new moon there will be an energy boost as Mars moves into its home sign, Aries. This transit provides until 11<sup>th</sup> March an opportunity to address all that needs to be done! This will allow you to rest in April when several planets go retrograde and the energy level will drop.

These changes are going to have an effect on the physical body. This is most likely to be felt in the trunk of the body, the **sacral, solar plexus and heart regions.** More understanding, case studies and guidance on actions are available in [\*\*The Seven\*\*](#)

Until 7<sup>th</sup> February there is an emphasis on successful **communication**. Particularly in relation to presenting our transformational concepts, theories and ideas. Encouraging us to pursue our own mastery as we help each other be more masterful.

## **Enjoy an Abundant Life for 2017 on?**

For most the word abundance equates to financial wealth. Though it actually comes in many different forms, including relationships and time.

We have included in [Easily Creating Abundance](#) the ability for you to address limitations to love, health, freedom and wealth aspects of Abundance.

The workshop will enable everyone to identify **the main areas** where they are blocked and then work through processes to address them. It will conclude with an assessment of the progress made and what remains to be addressed and how to create continuing Abundance in your life.

This is much more than the Law of Attraction, this is about **Creating Abundance!**

The next one is in Portugal from 24<sup>th</sup> to 26<sup>th</sup> February 2017.  
Followed by **Copenhagen, Denmark** for 12<sup>th</sup> to 14<sup>th</sup> May.

*The full moon on 11<sup>th</sup> February will also be a lunar eclipse, followed on the 26<sup>th</sup> by a solar eclipse, the same day the new moon appears. Eclipses bring heightened **levels of energy** within us and in the world around us. In this double eclipse cycle, we are all being urged to allow a fuller expression of our true selves to be **visible**.*
